Water on US Highway 83 north of Max; Traffic speeds reduced

The North Dakota Department of Transportation (NDDOT) is reporting water on the northbound and southbound roadway on US Highway 83 approximately nine miles north of Max. Traffic is allowed, but speeds are reduced to 15 mph.

The following roadway remains closed due to flooding:

- ND Highway 200, four miles east of Hurdsfield (or one mile west of Chasely).

The following highways are affected by flood waters, but remain open to traffic, with traffic speeds reduced:

- ND Highway 200, four miles west of Hurdsfield.

Fluctuating water levels make it difficult to predict when and where water will go over a roadway or recede from the roadway. The NDDOT encourages motorists to check road conditions before traveling due to rapidly changing conditions. For updated road information, call 511 from any type of phone or go to the Travel Information Map on our website at www.dot.nd.gov.

The road report is based upon the information available to the NDDOT at the time of preparation and is provided solely as a public service. Conditions may vary from those reported.
